Give me the power to bring peace to the world an end to the sor-row and  
 pain Roll on the Day when the fight-ing can end and the chil-dren that  
 suf fer can dance in the sun once a gain Tho'the  
 moun-tains and hills may crum ble my love for you nev er ends  
 I will keep for - ev - er my pro-mise of peace for  
 I am your mas - ter your ma - ker your God and your friend

Give me the power to bring peace to the world,  
 An end to the sorrow and pain  
 Roll on the day when the fighting can end  
 and the children that suffer can dance in the sun once again

*Tho' the mountains and hills may crumble  
 My love for you never ends  
 I will keep forever my promise of peace  
 For I am your master, your maker, your God and your Friend*

Give me the power to keep peace in my country,  
 An end to the bomb and the gun  
 Roll on the day when religion and colour can find us  
 rejoicing in differences, living as one

Give me the power to keep peace in my home,  
 To live through the smooth and the rough  
 Roll on the day when each family lives in a house  
 full of laughter and trust and a home full of love.

Give me the power to keep peace in my heart  
 To lay all my weaknesses bare  
 Roll on the day when each heart is a place  
 that the world can look into and find only purity there.
